

SATURDAY MORNINGS AT CEDARCREST.

Seminar Series.

The management and staff of Cedarcrest Gardens invites you to participate in our series of seminars designed to help and assist you with your gardens, lawns and flower beds. Join us for these educational and fun filled events on most Saturday Mornings in March, April and May.

The cost of the programs is just \$3.00 per person with all proceeds being donated to the City of Saint John for their 2010 tree planting initiative.

PRE-REGISTRATION IS REQUIRED

Due to limited seating and materials preparation, please pre-register for the seminars.

Schedule:

March 13

Tropical and Indoor Plants

This highly interactive seminar will share the many reasons why we need indoor and tropical plants in our homes and offices. Excellent guidelines on the selection and care of these plants. Plant care information sheet provided.

\$3.00 per participant. Please register early
10.am - 11.30am Saturday March 13

March 20

Pruning - How, When & Why

Learn how to prune your fruit trees for maximum health and productivity. Learn how, when and why to prune your deciduous & evergreen trees and shrubs. Learn how to do it RIGHT!

Informative handouts and pictures provided.
\$3.00 per participant - Please register early
10.am - 11.30am Saturday March 20

March 27

How to grow a beautiful, bio-diverse, healthy lawn in New Brunswick.

The recent decision by the province of New Brunswick to ban many of the tried and true herbicides and insecticides from store shelves has made maintaining your lawns somewhat more difficult. This exciting and informative program will provide you with the knowledge to still have a beautiful lawn without the chemicals! Excellent full colour booklet included.

\$3.00 per participant. Please register early
10.am - 12.00 Saturday March 27

April 17

Deer Proofing Your Property

It may be impossible to actually deer PROOF your property; however, this educational program will assist you in the selection of the many plants that deer are not attracted to. From trees, shrubs, evergreens, perennials and even some annuals, this program will provide you with the knowledge of what and where to plant to prevent deer damage.

What to buy and plant booklet included.

\$3.00 per participant. Please register early.
10.am - 11.30am Saturday April 17

April 24

The 50 BEST Perennials

If you want to learn more about perennial gardening this short program will provide you with the needed skills and knowledge to be successful with perennials. Lots of tips and suggestions on growing and propagating these wonderful plants. Excellent take home materials for reference provided.

\$3.00 per participant. Please register early
10.am - 11.30am Saturday April 24

May 1

How to ESTABLISH a beautiful, bio-diverse, healthy lawn in New Brunswick.

This program is similar to the How to GROW a beautiful , bio-diverse lawn in NB, but the information in this program is more about establishing a new lawn rather than maintaining an older established lawn. If a new lawn is in your plans for 2010, then consider this program as a must attend!

Learn how to do it right, before you start.

Full colour booklet provided

\$3.00 per participant. Please register early.

10.am - Noon. Saturday May 1

May 8

How to grow a beautiful, bio-diverse, healthy lawn in New Brunswick.

This program is a repeat of the March 27th program. Seating is limited and this program is VERY popular!

The recent decision by the province of New Brunswick to ban many of the tried and true herbicides and insecticides from store shelves has made maintaining your lawns somewhat more difficult. This exciting and informative program will provide you with the knowledge to still have a beautiful lawn without the chemicals!

Excellent full colour booklet included.

\$3.00 per participant. Please register early

10.am - 12.00 Saturday May 8

May 22

Containers - How to plant for amazing colour!

If you want your baskets, urns and other planters looking SPECTACULAR this year, plan on attending this WONDERFUL PROGRAM.

Joanne Sweet, the team leader of our 'CUSTOM CREATIONS DEPARTMENT', will be your host for the morning. THIS WOMAN HAS TALENT!

The program is HANDS ON - so please bring your gardening gloves and aprons or appropriate clothing.

\$3.00 per participant. Please register early.

10.am - Noon. Saturday May 1
